DTK-S "Snap-It" Series
66 Block Quick-Connect Surge Protectors

DITEK's "Snap-It" Series quick-connect surge protectors are designed specifically for Voice/Data professionals. The Snap-It provides both voltage and current limiting in addition to surge protection. Available in four different voltages, the DTK-S series makes digital line protection a "Snap!"

Product Features

- Quick connect module – no bridge clips required
- Each Snap-It protects one pair
- Field-replaceable, with built in diagnostic test points
- Self-resetting fuse on models with "A" suffix
- Models available for both current-limited, standard lines, and low capacitance digital lines

Applications

- Digital Voice/Data Systems
- Intercom Systems
- Analog Phone Systems

Note

- Each 66 Block requires one ground bar: DTK-SIGB
