(((KONFTEL GET TOGETHER]

Expanding the Konftel 800

The Konftel 800 is an advanced yet simple to use conference phone. Together with the Konftel Smart Microphones or the cascading feature it can easily suit larger scenarios. Here are some examples.

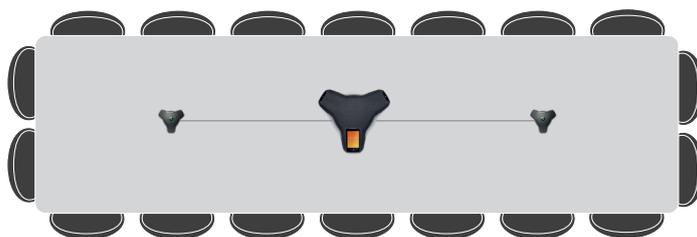

SMALL – MEDIUM SCENARIOS

The new generation OmniSound® provides a best-in-class audio experience and a single Konftel 800 is perfect for meetings with up to 12 participants.

Equipment: Konftel 800

Initial installation: Connect network cable, set admin password and return to home screen. The Konftel 800 will now restart. To configurate follow the instructions in the Installation and Administration Guide.

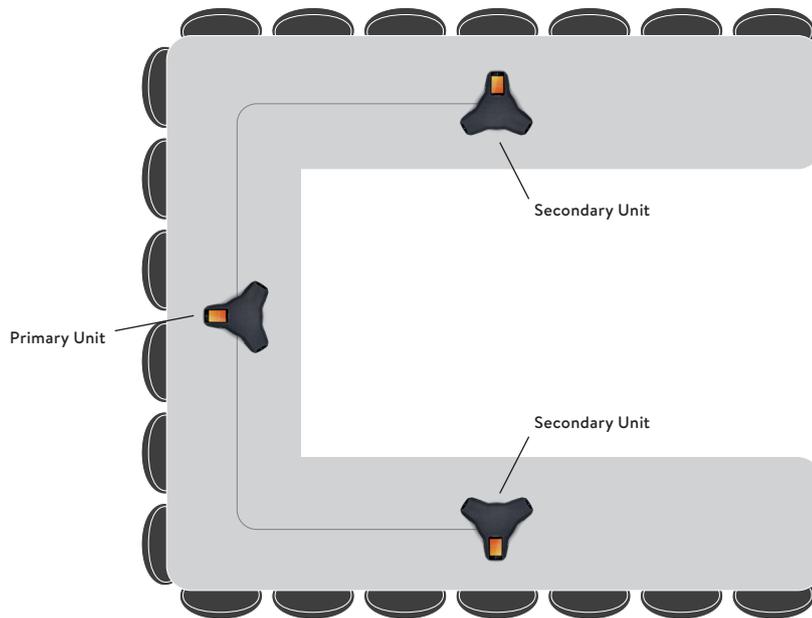

MEDIUM – LARGE SCENARIOS

With the Konftel Smart Microphone, you can expand the pick-up range to handle larger conferences with up to 20 people in the room. Connect one or two expansion microphones, depending on the size of the room. The Konftel Smart Microphone has built-in cancellation of echo and background noise through OmniSound®.

Equipment: Konftel 800 + 1 or 2 Konftel Smart Microphones

Installation: Connect the cable that comes with the Konftel Smart Microphone to the audio port that is placed at the bottom of the Konftel 800.

Primary Unit

Secondary Unit

Secondary Unit

LARGE – X-LARGE SCENARIOS

The cascading feature extends both the sound distribution and pick-up range for maximum coverage, giving you rich and full audio even in large rooms with more than 20 people. Up to three Konftel 800 devices can be daisy-chained by cable, completely without hassle and complexity.

Equipment: Up to three Konftel 800 + Konftel Daisy-chain Cables.

Installation: Connect the Daisy-chain Cable from primary to secondary unit. The audio ports are placed at the bottom of the Konftel 800.

⇨   On the secondary units screen, go to **SETTINGS > ADMIN LOGIN** and enter admin password.

⇨   Under **SETTINGS > PHONE > DAISY CHAIN** select **SECONDARY**.

⇨   Return to home screen, the Konftel 800 will now restart.

KONFTEL SMART MICROPHONE

The pick-up range of one Konftel Smart Microphone is 6 meters and the accompanying connecting cable is 3 meters.

The Konftel Smart Microphone has built-in cancellation of echo and background noise through OmniSound®.

The pack contains one Konftel Smart Microphone and connecting cable, 3 meters.

Item number: 900102144

KONFTEL DAISY-CHAIN CABLES

Konftel Daisy-chain Cables are used to connect a series of up to three Konftel 800 devices via the ports for audio expansion. This extends both the sound distribution and pick-up range for maximum coverage, giving you rich and full audio even in large rooms with more than 20 people.

The pack contains two cables, 5+10 meters.
