Speaker-with-Text

Valcom's Speaker-with-Text series are designed with dual capabilities, The speaker-with-Text series enhance daily or emergency communications by simultaneously broadcasting auditory and visual alerts.

In addition to the text and audio alert capabilities, the Speaker-with-Text series is equipped with two flashers, one on each end, to alert individuals with hearing impairment and ensures ADA compliant.
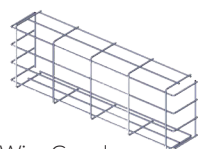

Perfect choice for indoor spaces such as cafeterias, auditoriums, gymnasiums, waiting areas and conference rooms.
